

What Has ISEA Done For YOU Lately?

Approximately 39% of Education graduates never teach school.

20% of new teachers leave teaching in the first year.

50% of new teachers leave in the first five years.

ISEA worked hard at the legislative level – and legislators responded – to increase the 2007-2008 minimum salaries by \$1,000:

- **Beginning teacher salary to \$26,500**
- **Career Teachers (third year) to \$27,500**
- **All other Career Teachers to \$28,500**
